

Lanier Islands
LEGACY GOLF COURSE

GOLF

Lanier Islands Legacy Golf Course is a magnificent throw-back to classically designed courses not dependent on length to challenge golfers. It is everything great courses are: Beautiful to the eyes, challenging to the skills and memorable to the spirit...and when you get done, you will only say: "I can't wait to come back..." Rolling fairways, undulating greens, soft white sand all without a house in sight to spoil the beauty of Lake Lanier. But it's the uncommon that makes this experience better, the engaging and friendly conversation from staff, attention to detail, and complimentary snacks and beverages included with the golf fees. Quiet and peaceful, full of wildlife, a magnificent trip around the lake lined shores that will leave a golfer feeling like they escaped to a completely unique time and place.
